COMMENTS TO THE FINANCIAL STATEMENTS:

Revenue for Fan Milk Limited decreased by 8.1% vs LY. The decline is driven by volume loss, resulting from price increase implemented in the last quarter of the 2019 on one hand and on the other hand the impact of the COVID 19 which has impacted our outdoor sales. Operating Profit decreased by 25.5% against prior year. This is primarily driven by lower volume but also higher than planned logistic cost as well as our decision to continue investing behind our core brands for the future, in line with our long term plans of building brands with purpose.
